buildings will, we have good reason to believe, be restored in the near future.

The Committee to Restore Carbondale City Hall is proud, very proud, of Carbondale's past, and optimistic about Carbondale's future. Carbondale's past is directly related to the history of the American railroad, and Carbondale's future and the history of the American railroad can, similarly, become inseparable, and that is why I have written this letter to you: to invite you to visit Carbondale and to see for yourself why the Steamtown Museum Collection should be located in Carbondale.

Sincerely yours,
